# CURBSIDE RECYCLING GUIDELINES

In fiscal year 2015, the City of Huntsville transferred 38,046.69 Tons (76,093,380 Lbs.) of garbage to the landfill.

The average person in our region produces 8 pounds of trash daily.

That's 8.2 million tons of trash from our region in one year!

Up to 70% of this trash is buried in the landfill.

Recycling is one of the most important actions you can take. Only about  $1/10^{\text{th}}$  of garbage gets recycled but OVER HALF could be. ~ HGAC

How long does it take for items to breakdown (biodegrade) in the landfill?

- |                      |                 |
|----------------------|-----------------|
| • Plastic Bottles    | 1 Million Years |
| • Glass              | 1 Million Years |
| • Aluminum Cans      | 50 to 200 Years |
| • Paper              | 1 to 5 months   |
| • Disposable Diapers | 500 years       |
| • Batteries          | 100 years       |

- Instead of burying recyclable items in the landfill, these items can be processed for reuse. The items are sorted, broken down and put back into circulation.
- With your help, the City of Huntsville is making every effort to reduce, reuse and recycle.

# Preparing Items for Recycling

Acceptable recycling items are loosely placed in the BLUE recycling cart

**Plastic Bags** - Please do not place recycling items into plastic bags. During processing it is more time consuming to remove them from these bags.

**Paper Bags** – These can be used to separate paper items.

# *Preparing Items for Recycling*

**Small cardboard boxes** – Include any small cardboard items that will fit loosely into your Blue cart:

- Food boxes
- Pizza Boxes-must be clean  
And grease free
- Medicine boxes
- Shoe boxes
- Toilet paper rolls
- Paper towel rolls

These should be empty, broken down and flattened in order to save space in your BLUE cart.

# *Preparing Items for Recycling*

## Aluminum cans

These should be rinsed and then flattened in order to save space in your BLUE cart.

# *Preparing Items for Recycling*

## Steel cans – Canned foods

These should be rinsed and the lids must be thrown away before placing them into your BLUE cart. Removing the wrapper is very helpful but not necessary.

# *Preparing Items for Recycling*

- Office Paper – White and colored paper
- Newspaper
- Magazines

These items can be bagged in PAPER bags before placing them into the BLUE cart.

# Preparing Items for Recycling

**Plastics** – Numbered 1, 2, 3, 4, 5, 6 & 7 are acceptable, NO Styrofoam. 80% of all plastic containers from the grocery store are recyclable.

Look for these symbols:

These symbols are usually located on the bottom portion of your recyclable plastics. Any plastic matching any one of these symbols can be placed in the BLUE cart for recycling.

# *Preparing Items for Recycling*

These should be rinsed and the lid thrown away before placing them into your BLUE cart. Removing the wrapper is very helpful but not necessary.

## *BLUE Cart setting out for pickup*

- The BLUE recycling cart must be at the street's edge by 6:00 AM on your scheduled collection days. You may set your cart out as early as 8:00 PM the evening before.
- Keep your recycling cart five feet away from all obstacles such as parked cars, mailboxes, telephone boxes, water meters, fences and walls.
- Your recyclables must fit easily into your BLUE cart. The lid of your cart must be closed to prevent spillage.
- Don't forget to remove your recycling cart from the street's edge after pickup on your collection days.
- *The cart should be placed in the same manner and position as your trash cart BUT only on your scheduled recycling days.*

# *Thank you...*

*Remember the three R's:*

REDUCE – the amount of products you use.

REUSE – a product instead of throwing it away.

RECYCLE – products whenever you can.
